

Life is a series of emotions consumed by love, and when you achieve love at its peak you get this feeling of complete satisfaction. Nothing is impossible when love is in your heart; whether its love for someone you're involved with, your children, or love for life itself. Yes the truth may set you free, but love will guarantee freedom. Our souls collectively yearn for the passion love brings, it seeks peace and ultimately decides what comes across our path. I fell in love long time ago with a woman who bore my children. Although we are separated I feel her presence in my life constantly from the reminders of the times we made love. Her upbringings and the way she raised my kids is the reason for my testimony. We were hopeless lovers from two different worlds, meant to be together, but weren't quite fit to be with each other. I speak to her silently from my heart with the words that I express hoping one day she will forgive me for all the wrongs I did. No matter what becomes of me in the future, no matter how much knowledge I gain, or no matter how much wealth I achieve nothing will come close to the accomplishment I felt when she loved me. So here to you I will not speak your name, but you already know who you are. I was blinded by the light, but I can see you coming from afar. Love me once more and set my soul free release me from the jar, and if you decide to give me a chance we will never be apart. I love you. Poetry from the heart... Enjoy
