

2010 Reprint of 1956 edition. Seedtime and Harvest focuses on key mystical messages that run through Biblical Scripture, showing how familiar Biblical stories and passages provide insight into the metaphysical principles that form the foundation of physical experience. The tale of Cain and Abel, Jacobs ladder dream, and many other passages are explored to spark deeper understanding of consciousness and empowerment. Neville intersperses his interpretive insights into scripture with real-life examples of the workings of spiritual law, helping to show how the Bible can provide important guidance to students no longer comfortable with a literal reading. Nevilles opening chapter notes that any who enjoy the old familiar verses of Scripture are discouraged when they themselves try to read the Bible as they would any other book because, quite excusably, they do not understand that the Bible is written in the language of symbolism. In Seedtime and Harvest, Neville offers insight to those who seek to reconcile their love of the Christian Bible with non-sectarian truths about being and self-hood.
