

Elementary and middle schoolers will love the exciting, easy-to-understand, and easily taught lessons in the Gods Design textbooks by Debbie and Richard Lawrence. All twelve books in the Gods Design series are very comprehensive, richly illustrated, and cover material that is often left out of other curricula. You'll love the flexibility of this popular series, which is designed to be used with students ranging from first through eighth grade ... all at the same time! Best of all, Gods Design textbooks help you teach science from a biblical, creationist perspective, emphasizing Gods handiwork in the world around us. Using the Gods Design curriculum from AiG will help strengthen your students faith by showing how science consistently supports the Bibles written record. Students will learn to think critically and logically examine arguments presented by all sides in the creation/evolution debate. In The World of Plants reveals to your child how God specially designed the plants around us. See Gods hand as you study seeds, leaves, and flowers and explore meat-eating plants, fungi, algae, and more.
