

Therese philosophe, ou memoires pour servir a l'histoire du Pere Dirrag et de Mademoiselle Eradice, plus connu sous le nom de Therese philosophe est un roman de 1748 a l'attribution contestee. Produit d'une audacieuse entreprise editoriale a cheval sur l'actuelle Belgique et la France, il est vraisemblablement composite. On peut citer parmi les attributions les plus solidement etayees pour ses differentes parties celle a Jean-Baptiste Boyer d'Argens, ainsi que celle a Louis-Charles Fougeret de Monbron. Therese Philosophe rapporte la relation entre Marie-Catherine Cadriere et Jean-Baptiste Girard, de quasi trente ans aine. Principalement considere comme un roman pornographique, ce qui explique ses ventes massives dans la France du XVIIIe siecle ou les livres pornographiques realisaient les meilleures ventes, ce roman des Lumieres contient certaines idees des Philosophes. Concepts philosophique et social En depit de la depravation qu'elle depeint, cette oeuvre a un certain merite philosophique dans ses concepts fondamentaux. Des discussions entre les personnages sur les questions philosophiques alternent avec les sections les plus obscenes du roman. Comme dans la tres grande majorite des romans libertins, les personnages feminins sont plus jeunes que les personnages masculins. Avec Therese philosophe voici l'histoire d'une relation entre une jeune fille mineure et un vieux pretre. Ce roman attire l'attention sur la repression sexuelle des femmes a l'epoque des Lumieres, mais egalement sur l'exploitation de la sexualite par l'autorite religieuse.
