

Turning Tide: The Ebb and Flow of Hawaiian Nationality is an indepth study of the evolution of modern Hawaii and the background of the sovereignty movement. It is a topic which on account of the potential consequences deserves close scrutiny. Many histories of Hawaii have been written, but few approach this theme from a global perspective. The native view moreover has generally been downplayed and the wealth of sources written in the Hawaiian language has often been ignored. The present work attempts to right the balance and is intended as a contribution to the lively debate now taking place concerning the future of the Hawaiian islands and their multi-ethnic population in a world which has been marked by fundamental change.

Secretos de un Servidor (Spanish Edition), How To Take Over The World, Setup: What the Air Force Did in Vietnam and Why, Philippines (Where We Live), Confidences: Talks with a Young Girl Concerning Herself, Electric Guitar Basics, French Edition, Lelias Kiss: Imagining Gender, Sex, and Marriage in Italian Renaissance Comedy (Toronto Italian Studies), The logic of it all: Professional secrets applying imagination to percussion techniques,, Hemmungslos: Ein Kriminalroman aus Wien (German Edition), Secrets (The Bragg Saga),
