

Stories of women of peace, justice and rights, who have distinguished themselves in a world ruled by men. Women who have made a decisive contribution to the vindication of rights or the drafting of legal treaties, some of which are in force to this day. Sometimes promoters, at others formidable supporters, all have worked without reserve, with the courage of those who never stop believing. Opposed and hindered, they have nevertheless managed to impose themselves with the strength of their ideas, achieving, in the end, prizes and recognition. Their stories are usually little-known, but it is especially their humanity that makes them role models. The book reports their captivating personal, human and professional experiences, all lived in the advancement of human progress. To this day, our society is indebted to their battles and their victories.
